<p><b>WHAT'S NEW</b></p> <p><b>IN WRITER'S BLOCKS 5</b></p> <p>To our version 4 customers, thank you for upgrading to this new version. We are confident that you will find it well worth it. To our new customers, we welcome you! Here are twenty-five great new features in Writer's Blocks version 5.</p>	<p><b>New Feature # 3</b></p> <p><b>Touch Enabled Office Style Menus</b></p> <p>Writer's Blocks 5 uses a new interface based on the Microsoft® Modern™ user interface also known as the Metro™ menu system. The interface makes accessing Writer's Blocks commands and features easier than ever</p>	<p><b>New Feature # 6</b></p> <p><b>Resize Text in Blocks</b></p> <p>The new Resize Text function in Writer's Blocks 5 adjusts the viewing size of the text in each block so that all text is visible in the block without changing the font size of the text. This function is similar to the Resize Block function which enlarges each block so that all text in the block is visible in the block. This feature does not affect the printing font size and may not print all text in a block.</p>	<p><b>New Feature # 8</b></p> <p><b>Re-Zoom Blocks</b></p> <p>Now you can use the Zoom menu group dialog launcher button to unAutoSize your blocks returning all blocks to the default size and all block text their assigned font sizes.</p>	<p><b>New Feature # 12</b></p> <p><b>ReNumber Columns or Row Heading</b></p> <p>Writer's Blocks 5 lets you renumber rows or column headings using the Renumber dialog.</p>	<p><b>New Feature # 16</b></p> <p><b>Blocks Aspect Setting</b></p> <p>Previous version of Writer's Blocks have always used a block size that is roughly 4 x 5. You can now the block aspect setting to change the aspect ratio of you blocks. Make you blocks square or tall and skinny of make them short and wide using this preference.</p>
<p><b>New Feature # 1</b></p> <p><b>Organize in Rows or Columns</b></p> <p>Previous version of Writer's Blocks have allowed you to organize your information in columns with each column having an editable heading. Writer's Blocks 5 allows you to organize your information in columns or rows.</p>	<p><b>New Feature # 4</b></p> <p><b>Full screen mode</b></p> <p>The new user interface lets you hide the menus and maximize your block and/or manuscript panels. You can also display only the menu tabs and hide the ribbon buttons to increase your display space.</p>	<p><b>New Feature # 7</b></p> <p><b>Zoom Block Text</b></p> <p>Now you can use the familiar CTRL+MouseWheel function to change the text zoom level of each block independent of the block's font size. This feature is similar to the Zoom feature found in other products that magnify the text (document) being displayed without changing the</p>	<p><b>New Feature # 9</b></p> <p><b>ReSize (AutoSize) Blocks Horizontally in Rows</b></p> <p>When arranging and displaying blocks in row, the ReSize and AutoSize function increase the width of your blocks to display all text in the blocks.</p>	<p><b>New Feature # 13</b></p> <p><b>Leveling By Row</b></p> <p>Now you can level your blocks by rows or columns. Place an equal number of blocks in each row or column with a few clicks.</p>	<p><b>New Feature # 17</b></p> <p><b>Perform Common Functions by Row</b></p> <p>The new version of Writer's Blocks allows you to perform most common functions by rows or columns. You can convert blocks to manuscript, convert footnotes to endnotes, synchronize, and sort by blocks.</p>
<p><b>New Feature # 2</b></p> <p><b>Transpose Columns and Rows</b></p> <p>Writer's Blocks 5 allows you to</p>	<p><b>New Feature # 5</b></p> <p><b>Columns Versus Row Options</b></p> <p>A new display option lets you choose to display and arrange your blocks in columns or rows. The settings can be saved for use with all new</p>	<p><b>New Feature # 10</b></p> <p><b>Document Templates</b></p> <p>Template serve as a starting point for your new documents. When saving a document created with a template, you will be prompted to save a copy of the document, preventing you from overwriting the template.</p>	<p><b>New Feature # 14</b></p> <p><b>Maximum Block Height (width) Setting</b></p> <p>Use this option setting to limit how large a block is enlarged by the ReSize and AutoSize functions.</p>	<p><b>New Feature # 15</b></p> <p><b>Minimum Block Height (width) Setting</b></p> <p>Use this option setting to limit how small a block is reduced by the ReSize and AutoSize</p>	<p><b>New Feature # 18</b></p> <p><b>Span dual screens:</b></p> <p>if you use a multi-display system, now you can move</p>
